SHIPYARD TO LAUNCH NEW VESSEL -- Sofia, Vecherni Novini, 24 Dec 51

The shipbuilders of the "Georgi Dimitrov" Shipyard encountered serious difficulties in building the first seagoing vessel, the Blagoy Kasabov, but they overcame these difficulties by learning from and applying the experience of Soviet shipbuilders. Bulgarian shipyards have thus far delivered dozens of vessels to the Bulgarian fleet. The new seagoing vessel Dimitur Kondov, sister ship of the Blagoy Kasabov, will be launched soon.

The winner of the golden "Naroden orden na truda" (People's Order of Labor), assembler Ivan Anayotov, has invented a machine for scraping ships' bottoms.

In 9 months, the year plan of the yard has been fulfilled 91 percent, and the Bulgarian fleet has acquired 14 new ships, of which five are fishing boats and two seagoing ships.
